MEETING POINT FOR THE AVIATION AND SPACE INDUSTRY

The Center for Aviation Competence at the University of St. Gallen (CFAC-HSG) celebrated its 15th anniversary in 2020. To mark this occasion, the Aviation & Space Symposium St. Gallen will be held for the first time. It is planned to hold it every two years.

The aim of the first symposium is to address short- and long-term findings and challenges for the future development of the aviation industry until 2040 and to discuss interdisciplinary solutions with industry peers.

Date

**TUESDAY
8 JUNE 2021**

Expected participants (incl. exhibitors)

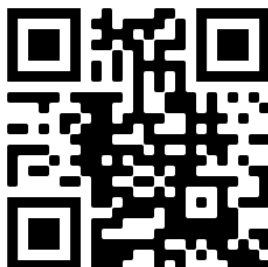

150

Further details

SUBJECTS AND SPEAKERS

Topic 2021: Challenges in Aviation until 2040

Based on two keynote-sessions with speeches and discussions, important insights into the future developments and challenges in aviation until 2040 for research and industry will be discussed in direct exchange. Innovative solutions will be addressed in a heterogeneous field of participants and exhibitors.

WELCOME

15 years CFAC/10 years SAC/Introduction of the program
Andreas Wittmer, Center for Aviation Competence HSG

HSG and Researchcenter
Bernhard Ehrenzeller, Rector University of St. Gallen

Goals and tasks of the Aviation Research Centers Switzerland
Hans Werder, President ARCS

SESSION 1: SHORT-TERM CHALLENGES IN AVIATION (HOW TO CONTINUE AFTER COVID19?!)

The future of Aviation from a scientific perspective
Andreas Wittmer, Director CFAC-HSG

The future of Airlines
Tamur Goudarzi Pour, CCO Swiss International Airlines & SVP, Channel Management, Lufthansa Group Passenger Airlines

The future of Airports
Stefan Tschudin, COO Flughafen Zürich AG

The future of Airport Ground Services
Bruno Stefani, SVP DACH Swissport International Ltd.

SESSION 2: LONG-TERM CHALLENGES IN AVIATION (ENVIRONMENT, SUSTAINABILITY)

Airbus Defence & Space
tbc

Challenges of the environment and approaches for the future
Judith Walls, Professor University of St.Gallen (HSG)

Relevance of the Aviation Industry for Switzerland
Christian Hegner, Director BAZL

U-Space: The combination of manned and unmanned aviation
Robert Fraefel, Head of Swiss U-space/UTM

MODERATION

Roland Müller, President FFAC

INDUSTRY EXHIBITION: 9.30-18.30

SYMPOSIUM: 10.30-17.00

CELEBRATIONS: 17.00

TARGET GROUPS

The event is for:

- Producers and operators of aircrafts
- Operators of airports
- Suppliers of the aviation and space industry
- Science and Research
- Insurances
- Government officials
- Legal and consulting services

BENEFITS

The Symposium offers:

- Knowledge of industry developments and challenges first hand
- Personal exchange with experts of practice and science
- Contacts and findings thanks to an interdisciplinary participation
- Networking and industry insights
- Active participation including the development of sustainable solutions

REGISTRATION/TICKETS

Register NOW on: www.as-symposium.ch/tickets

Supporters of CFAC/FFAC benefit from a free ticket (separate invitation).

Registration for SAC members, only participating at the assembly:
www.swiss-aerospace-cluster.ch.
